October 2026

Dear Friends in Conservation:

The New Jersey Association of Conservation Districts (NJACD) warmly invites you to sponsor the 2027 New Jersey Envirothon. Held on May 8, 2027, at Lake Garrison in Gloucester County, this annual event challenges students to work with professional conservationists and build knowledge of aquatic systems, forestry, soils, wildlife, and other environmental topics through structured activities and teamwork.

We are pleased to invite your organization to support the New Jersey Envirothon, a hands-on conservation education program that challenges high school students to apply their knowledge of natural resources and environmental stewardship. Through this program, students develop practical skills, deepen their commitment to conservation, and prepare to become the environmental leaders of tomorrow.

This year's theme, "Soil Health Management: Agricultural Principles and Stewardship," will challenge students to analyze how soil health principles emphasize the importance of treating soil as a living ecosystem and are the cornerstone for resilient agriculture and ensuring the long-term protection of our natural resources.

Your financial support makes a meaningful difference. Winners receive $1,000 scholarships and the opportunity to represent New Jersey in the international Envirothon, competing among peers from the United States, Canada, China, and beyond. With the help of sponsors like you, New Jersey continues to excel on the national stage—the 2026 champions from the Marine Academy of Technology and Environmental Science competed last year at Mississippi State University, proudly representing our state.

As a sponsor, your organization will be recognized in our Directory of Sponsors and featured on the official event t-shirt for amounts over $500. Contributions of any amount are deeply appreciated and fully tax deductible, supporting our non-profit's mission to advance conservation education.

To learn more about the New Jersey Envirothon and its impact, please visit our website: www.njenvirothon.org. For sponsorship details or any questions, please contact Executive Director Ines Zimmerman by email at izimmerman530@gmail.com or by phone at 732-948-5303.

Your support is essential in helping us grow and strengthen conservation education in New Jersey. Thank you for considering this opportunity to invest in both our environment and the leaders of tomorrow.

Sincerely,

Rick Dovey

Richard Dovey, President
New Jersey Association of Conservation Districts

Sponsored by: NJ State Association of Conservation Districts • New Jersey's 14 Soil Conservation Districts
NJ Department of Agriculture/State Soil Conservation Committee • NJ Soil Conservation Districts Employees Association
USDA Natural Resources Conservation Service • NJ Department of Environmental Protection
Rutgers Cooperative Extension
